Q4. Is life possible beyond Earth? Write your opinion in 4–5 sentences based on what scientists search for while exploring other planets.

Subject : Social Science

Instructions

1. Write neatly in S.Sc. notebook/ A4 size(as instructed)

2. Use blue/black pen only.

3. Do not use colours to underline the headings and margins.

4. Original work is appreciated.

A. Answer the following questions.

1. What is Gram Sabha? Who are the members of Gram Sabha?
2. Name the three levels of government.
3. Name the three sectors of economy with examples.

B. Differentiate between:

1. Panchayat Samiti and Zila Parishad.

C. Long Answer questions.

1. Explain how farmers, factory workers and shopkeepers are connected in producing bread.

D. Activity

1. Make a table of **5 people** from your neighbourhood their occupations and sectors.

E. Case based questions.

The Narayangaon Block in Maharashtra faced issues such as poor road connectivity, water shortages for irrigation and lack of healthcare facilities. The Panchayat Samiti took action by planning development projects with inputs from the Gram Panchayats. They proposed building all weather roads under the Pradhan Mantri Gram Sadak Yojana, improving connectivity for farmers. To address water shortages, the Panchayat Samiti implemented a watershed management programme, including rainwater harvesting and check dams. They also collaborated with the district health department to establish a primary healthcare center.

1. What are the problems faced by the Narayangaon Block in Maharashtra?
2. Who is the head of this level of Panchayat?
3. How can the problem of road connectivity be solved?
4. How does the problem of water shortages and healthcare be improved?

Happy
Holidays!
